Cape Cod Commission and Town of Yarmouth to hold Station Avenue Corridor Study public meeting

Citizens invited to share thoughts on potential improvements

For Immediate Release (November 28, 2023) – The Cape Cod Commission and Town of Yarmouth invite citizens to a public meeting on Wednesday, December 13, 2023 at 6:00 PM at Yarmouth Town Hall to discuss and gather public feedback on potential conceptual improvements to Station Avenue identified as part of the Station Avenue Corridor Study.

Station Avenue provides access to and from Route 6 on the northern end of the corridor and access to Dennis-Yarmouth Regional High School to the south. The corridor is host to numerous businesses and a Cape Cod Rail Trail trailhead. The purpose of the corridor study is to develop alternatives that will improve safety, provide accommodations for all roadway users, and reduce congestion.

Based on information learned at a public Listening Session held in January 2023, the Cape Cod Commission and the Town of Yarmouth staff developed draft alternative concepts for the corridor, ranging from signalization or roundabouts, access management, and improvements to bicycle and pedestrian facilities throughout the corridor. The draft concepts seek to improve safety, reduce congestion and improve multi-modal accommodations. The public meeting will include a presentation of these potential improvements followed by an interactive group discussion, with a focus on gathering public feedback on the presented ideas.
