

Town of Yarmouth Septic System As-Built Lookups

In an effort to better serve Citizens and Businesses, the Town of Yarmouth has added an ability to view Town documents.

These instructions are specifically for viewing Septic System As-Built documents but can also be used for other Septic system or non-septic system related documents.

The direct website is: <https://lf.yarmouth.ma.us/WebLink/>

It is important to use **https** as part of the website address or you can go to the Town of Yarmouth Website, select Online services and get to this capability in two more steps.

It takes a little while for the page to load initially.

There are two options for getting As-Built documents.

Option 1: Specific Address Search

- Click the: [Search for Parcel Info](#) link

Option 1: Specific Address Search

Once on the address search page:

1. Input a street name, it is better not to put in St, Ave, Way, etc.
2. Input street number
3. Scroll down to the Health Department
4. Click on the Health Department
5. Click on the Submit Button

6. Scroll down until you see the Septic As-Built Card – most but not all properties will have an As-Built.
7. Click on the As-Built Card

 **Septic As-Built Card**

5 page(s)

8. View the Card, print and then click Home to look for your next card or exit

Option 2: Browse Related Documents

Another option to get As-Built or other documents is to click on:

[Browse Our Parcel Related Documents](#)

This option takes more steps but might be good if you know the street but might not know the street number. It might also help to look at all the document in folders including As-Built, Inspections and Permits.
