

# MINUTES YARMOUTH WATERWAYS AND SHELLFISH ADVISORY COMMITTEE MEETING

March 10, 2021

**MEMBERS PRESENT:** Chairman Bob Churchill, Ellie Lawrence, Richard Crawford, John Stewart, Lee Marchildon

**OTHERS PRESENT:** Karl von Hone, Jayne Fogarty, Kelly Grant

---

Due to COVID-19, meeting was conducted through ZOOM. Kelly Grant acted as a Moderator.

Bob Churchill opened the meeting at 17:00 hrs. Kelly Grant read the Orders of the Meeting. Roll call was administered by Bob Churchill.

## **Agenda:**

**NOI 1: Read by Bob Churchill:** Douglas & Beth Annino, 125 Washington Street, North Attleboro, MA 02760 for the Proposed Construction and Maintenance of a Pole Supported Pier, Ramp and Float at 15 North Cove Landing in Bass River presented by Robert Perry of Cape Cod Engineering, Inc.

The proposed pile supported pier would include a 20' x 48' float that would extend 70' from the bulkhead from the MHW. The site was adjacent to North Cove Landing. The float would consist of an L-configuration closer to 26' to the landing. The pile supported pier with float would be 145' from South Cove Landing, 125' from the western channel. There are some moorings in the area in which 3 would have to be relocated. Shellfish survey revealed limited amount due to the current.

There was an extensive discussion over the terminology of the proposed construction being next to a Landing in violation of Landing regulations; difference of opinion over the name of the street vs. actual usage as a landing.

Final agreement was to withdraw the NOI without prejudice. Rick Crawford made a motion to accept the withdrawal. Second by Ellie Lawrence. Bob Churchill called for a roll call vote. All were in favor of accepting the withdrawal without prejudice.

## **Committee topics/updates:**

Ellie Lawrence asked for updates on the Route 28 Bridge project. Karl von Hone indicated there were no updates at this time.

Without further ado, Ellie Lawrence made a motion to adjourn. Second by John Stewart. All were in favor. Meeting adjourned at 6:17 pm.
