

# Yarmouth Community Visioning

Setting Our Course • Charting Our Future

**What's been happening with Visioning?** The Planning Board wrapped up its initial public engagement campaign with 470 responses to the initial Workshops and Visioning Survey. This public input is invaluable in helping us identify Yarmouth's strengths, challenges, and community vision for our future.

**What will we do with all this information?**

- Summarize comments to identify main topics or themes and identify key issues and opportunities
- Develop a Draft Vision Statement and outline a Draft Vision Plan with potential goals & objectives

**How can I help?** Get involved and stay involved. Participate in the second series of Workshops & Survey coming in June 2021. Details on registering for Workshops and the second Survey will be on the Town Website.

**Want more information?** Go to <http://www.yarmouth.ma.us/1838/Community-Visioning>

## YARMOUTH COVID RELIEF PROGRAMS
