

## Permitting Procedures Update

April 23, 2021

As a result of the declared State of Emergency by Gov. Charlie Baker and per Yarmouth Board of Health guidelines, the Building Dept. has constantly modified operations to protect staff and citizens from the spread of the virus. We must balance public safety and the safety of our staff with our duties to provide services to the public.

We will continue to provide services as specified below until further notice.

Online permit applications through our Accela permitting software will be limited to the following types of permits:

- **Express Building**
- **Plumbing & Gas**

All others will be accepted by mail or in the drop box only until further notice.

The Building Dept, is also conducting all required inspections while utilizing Covid 19 safety precautions as recommended by the CDC as well as Yarmouth Board of Health.
