Please note that the gravel will have loose stones for the first week as it takes a little while to set.

This is normal. The roads will be swept about a week after they are chip sealed.

This work will go along quickly as possible and will cause temporary delays and detours. This work is expected to be completed by June 30, 2022, weather permitting. Police Details and a Town inspector will be on site at all times for traffic control & public assistance for all projects. Please direct questions or concerns to the DPW Administrative office at 508-398-2231, Ext. 1250.
